Letter from the Editor

Hello, Crocheters!

[Crochet dishcloth patterns](#) are always fantastic to work up: they're quick to make, they don't take up much yarn, and they're forever useful. You don't even have to buy yarn for them, you can use up your cotton yarn scraps! Crochet dishcloths are always useful in both your kitchen and your bathroom, from scrubbing dishes and pots to washing your face. Because they're something you make yourself, you can easily customize them to match your personal color preferences and room décor and theme. Aside from helping you keep your house clean and [yarn stash](#) under control, crochet dishcloths are the perfect place to try out a new crochet stitch or pattern. Since they're small, essentially big project swatches, you can try out something new, and if all else fails, just scrub some pots with them!

These 10 hand-picked crochet patterns feature great DIY kitchen ideas, from crochet scrubbies made with specifically rough and course yarn to patterns worked up with little nubs and clusters. Whatever type of crochet dishcloth you're after, from a simple solid-colored project made entirely from Red Heart's Scrubby yarn to a crochet scrubbie resembling a simple flower, you'll find your pattern here. Be sure to choose cotton yarn for durability and ease of care, since you'll be able to keep them clean by just tossing them in the wash. And, if this collection of dishcloth patterns isn't enough for you, be sure to browse our entire collection of [crochet dishcloth patterns and kitchen and dining DIY ideas](#).

For anyone who's still a little new to the art of crochet, and needs a quick reminder of some of the basic abbreviations, check out this handy [crochet abbreviations list](#), or look up some of our other [tips for crochet](#).

Crochet Dish Scrubber

By: [Becky Jorgensen from Patchwork Posse](#)

This Crochet Dish Scrubber features little floppy bumps all over one side, so it can scrub a little bit better than a flat surface. You can slip your fingers in there and get a good scrub going without your hands slipping or your getting food caught under your nails.

Skill Level: Intermediate

Size: 6" x 6.5"

Gauge: Gauge not important

Materials:

- 100% worsted weight cotton yarn in 2 colors, 100 yards of each
- US size H/8 (5.0 mm) hook

Pattern:

Crochet a chain of 13 (you can adjust this now if you'd like. Place your hand down on the crochet chain and make sure it is wide enough to go around all your fingers as they will be inside the pocket you will make later.

Single crochet for a total 13–15 rows tall. Again, make any adjustments now. This piece will be the top of the scrubber. It will be on top of your fingers.

On the next row, single crochet in the first loop. Then Chain stitch 5 loops.

Single crochet in the same loop or hole you just did the chain in.

Continue with a couple of single crochets, then repeat with the chain 5 process.

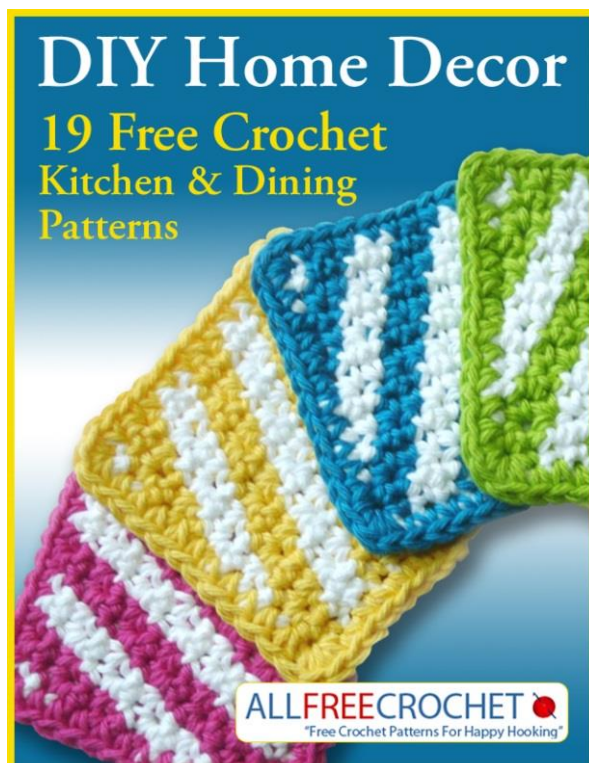

Keep repeating until you are at the end of the row.

On the next row you will want to push those 5 chains to one side (they all go to the same side).

Follow the same pattern– single crochet in a couple spots, then chain 5 (pushing the previous row loop out of the way) and then single crochet just past the loop.

When you have completed the same amount of rows and the single crochet section, you will want to do one or two rows single crochet to finish.

Fold in half with the loops to the outside and crochet down the sides connecting the front to the back.
